

OUR PREMISES...

To compliment our business aspirations, we acquired new premises in 2013 on the Monkspath Business Park in Solihull, creating office, warehousing and showroom space.

This commitment to the growth and expansion of the company is underpinned by the investment in our growing workforce, including the appointment of an in-house design and marketing team as we seek to raise our online profile during 2014 and beyond.

Office and Meeting Rooms

The first floor accommodates office space, meetings rooms, presentation area and product library. Our meeting rooms will be available for prospective and existing clients, as well as for staff training including continuing professional development (CPD). It is also hoped that through strategic partnerships with local schools and community groups, our facility can be put to good use for a variety of different sessions.
