

Introduction

English Martyrs Catholic Primary School is an inner city school in the heart of a thriving multi-cultural area.

Project Description

When English Martyrs Catholic Primary School contacted us regarding the replacement of their ageing main hall floor, the FLR Group were ready to go. Within 48 hours we had carried out a site survey, specified various options and quoted the project. This made it quick and easy for the client to make an informed decision and instruct the works to proceed.

Due to the time constraints and the need to minimise disruption and

downtime, FLR specified the fast track 'Eco-Fit' version of the Gerflor's world renowned Taraflex 6.2mm Multi-Use Sports surface. Designed to be loose laid over existing floors, the Eco-Fit system is an economic and fast track answer

Products

- *Gerflor Taraflex Multi Purpose surface with Eco-Fit loose lay backing.*

CUSTOMER TESTIMONIAL

We are very pleased with our new floor. It is used all day for various activities including early morning breakfast club as well as assemblies, dinner time, PE and a variety of other functions. The floor looks good at all times and we are delighted with it.
