

Introduction

HSBC Bank plc is one of the largest banking and financial services organisations in the world, consisting of a huge national and international network.

Project Description

As part of the major UK refurbishment programme, the FLR Group work 'hand in hand' with the main contractor Principle Global Ltd. Working out of hours and often in congested offices, new flooring installed without any disturbance to the staff or customers. Fast track and demanding programmes make every branch a challenge. We always use the same FLR personnel on every project thus maintaining the consistency of quality and contact with the main contractor.

Products:

- *Amtico LVT – Signature and Spacia ranges*
- *Tessera Carpet tiles – Alignment and Sheerpoint ranges*
- *Interface carpets – Chenille Warp range*
- *Polyflor vinyl – Polysafe standard*
- *Forbo Nairn Ltd – Coral Brush matting*

The most demanding part of carrying out this type of work is the co-ordination of other trades. Having carried out many of these installations for Principle Contracts we now feel we know exactly what is required to complete a successful project.

Gary Lloyd
Technical Director FLR Group
